Professional, self-contained, battery-operated, injection-extraction machine designed to efficiently clean large areas of carpet and hard flooring without the encumbrance of power cable.

- Special acoustic insulation allows machine to work at only 60 decibels
- Low noise level allows for unobtrusive cleaning in public areas such as airports, ferry terminals, conference suites, fitness centres, libraries and shopping centres
- Unique battery-operation gives three hours of optimum performance working time
- Sold with patented Smart-Kit for easy chemical change over i.e. carpet to hard floor
- Belt driven, height adjustable brush
- High level recovery tank cut off system
- Converts into a hard floor scrubber drier in under 60 seconds with a simple 'click-fit' squeegee
