

PURITI LAUNDRY CARE

ALKALI BOOST

SUPER CONCENTRATE ALKALINE
BOOSTING AGENT

- **Super-concentrated additive**
- **Enhances system performance**
- **Effective against severe soilage**

USES

A clear, concentrated liquid alkaline boosting agent.

Increases the level of alkalinity in the wash to further activate Puriti Detergent and Chlorine Destainer during the wash process. Enhances the performance of the laundry system against severe and stubborn soiling.

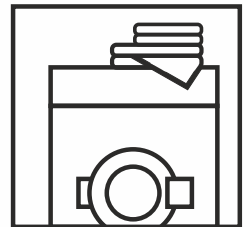

Removes severe soilage like blood, urine, stains and baked in dirt from alkaline resistant fabrics.

DIRECTIONS

Only apply Alkali Boost via automatic dosing equipment.
Use a solution of Alkali Boost at 2-4mls/kg as a percentage of the overall liquid wash capacity.

N.B. Always rinse thoroughly after use. Do not over apply.
